Carriers of the North American Service

Averitt

The most trusted name in Southern freight and logistics, Averitt has mastered the art of moving freight in and out of its core 13 Southern states. Recognized as a flexible and responsive provider of quality, on-time services, Averitt is the perfect carrier for freight moving In and Out of the South.

Daylight Transport

Founded in 1977, Daylight Transport has and continues to be committed to providing value through a unique service offering. Since its inception, Daylight Transport has provided coast to coast service in as little as two business days. This speed along with an immaculate handling record is done by taking advantage of a linehaul network that consists of 100% team service and direct loading which keeps handling to an absolute minimum. Quality and consistency is at the core of what Daylight Transport is built upon.

Midwest Motor Express

Building its reputation on "Doing what we say we will do," has resulted in outstanding quality and transit times from this Midwest leader. With their many years of experience, customers have come to count on their commitment to improving service while remaining innovative in the industry. Customized service is a result of their 450+ employees assuring that every customer's needs are recognized as unique. With their system of 34 service centers spanning 14 states in the, you guessed it, Midwest, MME is committed to exceeding their customer's expectations.

Peninsula Truck Lines

With an uncompromising commitment to customers, Peninsula Truck Lines is the premier regional carrier for over 950 cities and towns throughout the Northwest United States. Peninsula's focus on providing the most consistent AM delivery service possible is the driving force that has established consistent growth and award-winning results for the past four decades.

PITT OHIO

In between the North and South, there's no better partner than one company that has been focused on the customer since day one. PITT OHIO brings a strong commitment to excellent service and a competitive advantage to customers with cross-border activity in and out of the Mid-Atlantic states.

Polaris Transportation Group

Polaris Transportation Group is the largest Canadian privately held cross-border LTL carrier serving every U.S. zip code and Canadian postal code on a daily basis. For nearly 25 years, Polaris has been a carrier of choice for Fortune 500 companies, 3PLs, global freight forwarders and small to medium-size businesses alike. The Polaris Transportation Group is comprised of five operating divisions that are not only leading providers of cross-border LTL but of global logistics and hazmat certified warehousing and transport. Leading technology, sustainable growth and a collaborative spirit are hallmarks of their brand and delivering as promised, their commitment to their customers.

Rosenau Transport

Headquartered in Edmonton Canada, Rosenau Transport is your leader in Western Canada. Their growth since 1957 is attributed to the quality of service they provide in Western Canada as well as a highly developed network of commodity services across the Prairies with connections to and from Eastern Canada and the United States. Their commitment to efficient transportation services coupled with their concentration in designing services to improve their customers' competitive edge in the marketplace, are what set this Canadian provider apart from the rest.
